The Gainsborough facility is down Carr Lane – older people in the town will remember it back in the 70's as Spillers.

After meeting with Simon Collins, Kerry's HR Manager, Nigel Stevenson (Chair) said "we discussed various idea's before deciding on a sponsorship agreement for three years that will support the club in staging our in-house Club Championships where swimmers from across all squads from the small pool right through to the Masters compete against their peers within the club. Kerry's support will help the new club provide trophies and medals".

"As a company we are proud to sponsor Gainsborough Dolphins Swimming Club" said Simon. "We take great pleasure in supporting the local community, many of the people associated with the swimming club will come from the local area and will inevitably be connected to people either directly or indirectly with our Company and who's to say that some may be well be our employees of the future.

In the past we have supported local sports organisations & events and we look forward to continuing our active role in this area, helping young people fulfil their potential and working with the swimming club in the future.

This is an excellent way to give back to the local community and the breadth and depth of the swimming club membership is a success in itself".

The club extend a big thank you to Simon Collins and all at Kerry's
